

LEMKE CATTLE

BULL

13th Annual

HEIFER
SALE

FRIDAY, FEBRUARY 8, 2019 / 1:00 PM CST

At the Ranch near Lawrence, Nebraska

Welcome!

Thank you for your interest in our 13th Annual Lemke Cattle Bull and Heifer Sale! One of our goals is to provide our customers with the most progressive and

proven genetics out there to give you an ADVANTAGE. Our genetics give you that ADVANTAGE with the ability to produce value added cattle, whether retaining replacement heifers, marketing weaned calves, backgrounded feeders, bred heifers or finished cattle. Our program gives you an ADVANTAGE with decades of investment in A.I. and E.T. genetics while also investing in DNA technology to give you the most accurate Genomic Enhanced EPD's possible.

More ADVANTAGES include: developing bulls for longevity, carcass ultrasound testing, vaccination and fertility testing protocols, first breeding season guarantees, marketing assistance and producing genetics with the ability to qualify for elite marketing programs like Top Dollar Angus. Real genetic value and satisfied customers is our primary goal!

Please join us on Friday, February 8th at our place south of Lawrence, Nebraska and enjoy good cattle, good food, and good people!

The Lemke Family

AUCTIONEER

Ty Thompson --- 406-698-4783

VETERINARIAN

Stephen Russell, DVM --- 785-527-0594

All bulls will have passed a fertility test and examination.

REPRESENTATIVES

Midwest Messenger, Chris Beutler --- 402-380-8244

Cattle Business Weekly, Curtis Wetovick --- 308-550-1898

Special Assignment, Scott McGee --- 402-729-2659

ACCOMMODATIONS

Blue Hill Motel, Blue Hill, NE --- 402-756-3901

Comfort Inn, Hastings, NE --- 402-463-5252

LUNCH A beef meal will be provided sale day.

ABSENTEE BIDDING

Call Randy a few days prior to the auction. We can take bids over the phone during the auction, have designated bidders for you, or bid live on DV Auction, whichever you feel comfortable with. All absentee bids will be handled with integrity and professionalism.

GUARANTEE

Buyers of all bulls selling for \$4,000 or more injured during the first breeding season will have a 100% credit at the next sale at the value of the purchase price minus \$1,500 salvage value. Contact Lemke Cattle promptly in this event. The breeding season is defined as the 90 day period following the first turnout of a bull. The death of a bull will be covered with 50% credit at the next sale. Guarantee applies to bulls in single bull breeding pastures only!

FEEDING

The bulls are fed a high roughage growing ration so they develop, not get fat. Customer feedback has been that the bulls hold up very well.

HEALTH

All bulls are on a complete health program. Vaccinated with IBR, BVD Type I and II, P13, BRSV, Pasturella, 7-way, Haemophilus, wormed and poured. All bulls have tested negative BVD.

DELIVERY

Free delivery of bulls in Nebraska and Northern Kansas, or meet at central locations. Transportation of females is the responsibility of the buyer and must be picked up within two days of the sale. We'll be happy to assist with transportation and females will be fed and cared for until picked up.

FREE CARE

Bulls will be fed and cared for at purchaser's risk until April 1st. Bulls may be fed after April 1st at the cost of \$4.00 per head per day. Any bulls picked up within 3 days of sale will have \$100 deducted from purchase price.

ANNOUNCEMENTS

Any announcements made sale day will take precedence over any information printed in the catalog.

LIABILITY

Every precaution will be taken to protect the safety and comfort of those attending the sale. All persons attending the sale do so at their own risk and neither the owner or sale staff assume any responsibility or liability, legal, or otherwise for any accidents occurring in or about the premises.

SALE SUPPLEMENT

A sale supplement sheet with ultrasound data, scrotal measurements, and yearling weights will be available sale day.

EMBRYO TRANSPLANT CALVES

Embryo Transplant Calves are born to and raised from a recipient cow, therefore the actual birth and weaning weights are not an accurate representation of the calves performance. EPD's give a much more accurate picture of their true genetic potential.

All bulls have been tested and are free of genetic defects.

TOP DOLLAR ANGUS FEEDER CALF PROGRAM

Top Dollar Angus is a genetic-certification and marketing company focused exclusively on the top 25 percent of the industry in carcass and growth Angus and Red Angus influenced feeder cattle. Top Dollar Angus is a program similar to other popular branded-beef programs, except that Top Dollar Angus does its branding in the feeder cattle and calf market.

Qualified herds must have two or more generations of Angus (Black or Red) genetics with growth and carcass traits objectively ranking in the top 25 percent of the breed based on documented historical sire use. DNA evaluation conducted by Zoetis or GeneSeek is another workable method to qualify. Once your cattle have met the necessary requirements, they will be marketed under the Top Dollar Angus brand and logo, and will be promoted aggressively to a large number of feed yards and buyers. In today's market, Top Dollar Angus cattle are seeing premiums ranging from \$30 to \$70 per head above the average market.

Why the premium? Cattle feeders know that Top Dollar Angus cattle perform better and have higher grid-based carcass rewards compared to other cattle. This puts more dollars per head into the cattle feeder's pocket, which can be passed back to the producer in the form of premiums paid above market price.

Top Dollar Angus helps take the guess work and surprises out of growing and feeding cattle. Feed yards are tired of unpredictable performance and wide-ranging profitability results from group to group on cattle they purchase. Cattle often look the same and have the same colored hides, but are very different genetically. That's why the genetic certification of high-end Angus and Red Angus feeder cattle is here! The industry must differentiate the best Angus and Red Angus genetics from average cattle, and that's what Top Dollar Angus will do for you!

If you have consistently invested in high-performance Angus or Red Angus genetics, Top Dollar Angus will make your cattle stand out from the pack and get you the premiums you deserve. No matter how you market your cattle, our goal is to create more demand and higher prices for your calves.

LOTS 11-12 Two Baldridge Bronc sons from the 6405 Right Kind Daughter. Top cow family. 6405 scanned an 11 inch ribeye and a 7.91 IMF as a yearling heifer. The Bronc's are born easy and grow fast. Deep made, heavy muscled brothers with calving ease and top growth, maternal and carcass traits.

LOTS 13-15 - FULL BROTHERS

LOTS 13-15 These 3 Bronc sons from the 6204 Donor are heifer bull standouts with top growth, maternal and carcass traits in a naturally thick, heavy muscled package. Rare to find this much power in heifer bulls. Outstanding females on both sides of pedigree with top calving ease. The 6204 donor is an extremely easy keeping, perfect uddered, deep bodied maternal powerhouse.

LOTS 64-68 - FULL BROTHERS

LOTS 64-68 Five ET Brothers sired by New Direction and from Six Mile Sierra 655. Extra power, muscle and thickness to sire heavy steers come sale day. Six Mile Sierra records 38 progeny with ratios of WW 102, YW 109, REA 104, IMF 101. She's deep, wide, docile and super uddered. She's produced outstanding progeny regardless of the sire she's mated to. Keep every heifer!
