**LEMKE  
CATTLE**

*Friday* ANNUAL BULL & FEMALE SALE

**FEBRUARY 9, 2024**

AT THE RANCH NEAR LAWRENCE, NE

*1:00 pm*

# Welcome to Lemke Cattle

Thank you for your interest in our 18th Annual Lemke Cattle Bull and Heifer Sale! This year has been very challenging, but also very rewarding. First, we were blessed with a great January and February calving season with outstanding new genetics being born. Then in May, Tanner completed his Animal Science degree from UNL, which fulfilled one of our dreams of having him come back home to partner in our operation! Leslie and I are so proud and excited for the future!

Now the challenges. It was a devastating summer drought in our area. Spring rains never came with the only meaningful rain coming in June, then it shut us off for the rest of the growing season. Several more challenges out of our control came in December and January. Bad weather, Blizzards, and a health issue. I got the call from the doctor's office that no one wants to get. An MRI revealed a cyst in my brain preventing normal pressure and flow of cerebral fluid. Neurosurgeons performed an Endoscopic Third Ventriculostomy (ETV) on January 11th at UNMC. This all happened very fast and I'm home now recovering and wishing I could do more to help Tanner and my brothers with calving. Leslie and I are very grateful for the many well wishes and prayers, they all helped! But mostly we are grateful to the Lord our God for answering our prayers and giving us a chance to ranch and raise seedstock with our son Tanner and to continue watching our family grow.

This sale will include our first Age Advantaged 18 month old bulls as well as the powerful yearlings our customers are used to. Half of the offering are from our ET program and everything is fully guaranteed! There are many breeder type bulls throughout the offering!

Please join us Friday, February 9th at the ranch south of Lawrence, NE and enjoy good cattle, good food, and good people!

*Sincerely, The Lemke family*

LEMKE CATTLE ANNUAL BULL & FEMALE SALE  FEBRUARY 9, 2024 | LAWRENCE, NEBRASKA

18th Annual Bull Sale

FEBRUARY 9, 2024

1:00 PM – LEMKE SALE FACILITY – LAWRENCE, NE

**SALE DAY CONTACTS**

Home/Sale Barn --- 402-756-7090  
Randy Lemke --- 402-469-2284  
Tanner Lemke --- 402-984-4596  
Leslie Lemke --- 402-469-5589

**AUCTIONEER**

Matt Lowery --- 308-750-6119

**REPRESENTATIVES**

Livestock Digital, Chris Beutler 402-380-8244  
Tri State Livestock News, Cody Nye 308-760-8588  
American Cattlemen, Randy Rasby 308-539-6195

**ACCOMODATIONS**

Green Acres Motel, Red Cloud, NE 402-746-2201  
Comfort Inn, Hastings, NE --- 402-463-5252

**LUNCH** A beef meal will be provided sale day starting at 12:00 PM.

**ONLINE BIDDING & VIDEOS**

For general questions, please contact the office at 402-316-5460.

**ABSENTEE BIDDING**

Call Randy a few days prior to the auction. We can take bids over the phone during the auction, have designated bidders for you, or bid live on DV Auction, whichever you feel comfortable with. All absentee bids will be handled with integrity and professionalism.

**GUARANTEE**

All bulls are covered 100% to be sound & fertile. Buyers of all bulls selling for \$4,000 or more that sustain injury during first breeding season will have 100% credit at the next sale at the value of purchase minus \$2,000 salvage value. Contact Lemke Cattle promptly in this event, we usually have replacement bulls available. Breeding season is defined as the 90 day period following the first turnout of a bull.

**VOLUME DISCOUNTS** 2 Bulls -- 2% / 3 Bulls -- 3%  
4 Bulls -- 4% / 5 Bulls -- 5%  
Maximum of 10 Bulls -- 10% Discount

**FEEDING**

The bulls are fed a high roughage ration so they develop, not get fat. Customer feedback has been that the bulls hold up very well.

**ANNOUNCEMENTS**

Any announcements made sale day will take precedence over any information printed in the catalog.

**HEALTH**

All bulls are on a complete health program. Vaccinated with IBR, BVD Type I and II, P13, BRSV, Pasturella, 7-way, Haemophilus, wormed and poured. All bulls have tested negative BVD.  
Stephen Russell, DVM --- 785-527-0594

*All bulls will have passed a fertility test and examination prior to delivery.*

**SALE SUPPLEMENT**

A sale supplement sheet with ultrasound data, scrotal measurements, and yearling weights will be available sale day.

**DELIVERY**

Free delivery of bulls in Nebraska and Northern Kansas, or meet at central locations. Transportation of females is the responsibility of the buyer and must be picked up within two days of the sale. We'll be happy to assist with transportation and females will be fed and cared for until picked up.

**FREE CARE**

Bulls will be fed and cared for at purchaser's risk until April 1st. Bulls may be fed after April 1st at the cost of \$4.00 per head per day. Any bulls picked up within 3 days of sale will have \$100 deducted from the purchase price.

**LIABILITY**

Every precaution will be taken to protect the safety and comfort of those attending the sale. All persons attending the sale do so at their own risk and neither the owner or sale staff assume any responsibility or liability, legal, or otherwise for any accidents occurring in or about the premises.

**SEMEN INTEREST**

Lemke Cattle will retain a 1/3 semen interest in any bull selling. Buyer receives full possession and salvage value.

**EMBRYO TRANSPLANT CALVES**

Embryo Transplant Calves are born to and raised from a recipient cow, therefore the actual birth and weaning weights are not an accurate representation of the calves performance. EPD's give a much more accurate picture of their true genetic potential.

*All bulls have been tested and are free of genetic defects.*

**LOT 1**

DAM OF LOTS 1-4 MS RENOWN 134 ET

## LOTS 1-4 FLUSH BROTHERS

We kickoff this year's offering with this elite flush from a cow family we cannot brag enough about. The LEM MS Renown 134 ET donor & her dam LEM MS Bronc 923 are the models of the type of cow we strive to create; no-holes, moderate-framed, easy-fleshing cows that produce the heaviest calves in the herd. They continuously stamp their progeny with muscle expression, thickness, depth, and performance while maintaining an ideal mature size. There has yet to be a bad daughter from this line and they are easy to pick out among the herd. The cross with Mogck Entice doubled down on the cow-line's calm disposition and performance while increasing carcass merit. Look to these bulls for maternal power to the max and the consistency that is oh-so important for highly-sought after feeder calves.

## LOTS 5-7 FLUSH BROTHERS

This set of brothers is out of the landmark LEM MS Bronc 923 donor cow. 923 & her progeny have raised the bar in our herd with their elite levels of thickness, maternal strength, and fleshing ability. She is the type of cow you build a foundation upon for generations of future success. This set of calves sired by SAV Bloodline builds on that foundation with added growth and size that is sure to not only leave the front-pasture kind of females, but scale-smashing feeder calves as well.

## LOTS 10-13 FLUSH BROTHERS

LEM MS Capitalist 619D ET has made her mark on our herd with the consistent ability to produce heavy-weighting bulls & highly productive daughters. Her first 6 sons, all sired by SAV Resource, have averaged over \$6,000 and consistently fit the same mold of scale-crushing quality that leaves customers happy. Lots 10-13 follow suit and have stood out due to their thickness, power, and maturity since an early age.

## LOTS 14-18 FLUSH BROTHERS

LEM MS 316 126 ET is one of the most phenotypic and intriguing young cows in our herd. She exhibits phenomenal length and femininity at an ideal size while hailing from a prominent donor cow herself, LEM MS Charlo 505C ET. We believe 126 and her daughters have a very bright future and will make their mark on our herd. Her SAV Certified sons are standouts in terms of length and sport an added tick of size. They should lead the way in their ability to sire the type of calves that feeders desire. The Sitz Stellar's also offer adequate performance in a soggy, more moderate package that should lead to more calving ease and outstanding replacement females, similar to their excellent dam and flush sisters.

**LOT 14**

Standout Angus bull with great phenotype, structure, and feet. Sisters are moderate thick females that we are excited about.

## LOTS 42-45 FLUSH BROTHERS

This set of ET brothers has given us excitement as we look to grow our Angus footprint. Their dam, LEM Miss Kitty 146 ET, was an exciting young female before we, unfortunately, lost her at an early age. Thankfully we had done this flush to Sitz Resilient that will build upon their mother's potential. These bulls are well balanced, thick individuals that have stood out among the entire offering since a young age. We really like their maternal pedigree backed by two breed leading female-producing sires, SAV Resource and Sitz Resilient.

Standout in the pasture all summer. Heavy built with bone, thickness, and power on a great set of feet and legs. Pairs the power of his sire, Resource, with the maternal superiority and fertility of his elite donor dam, 902. Performance in an ideal sized package. Will be collected and used back in our program.

## LOTS 52-56 FLUSH BROTHERS

Another set of impressive sons from the elite LEM MS Seneca 902 ET donor cow. She has consistently led the way for our Red Angus herd with powerful, fertile, and sound progeny that check lots of boxes. Her first 2 sets of calves consisted of 13 bulls that averaged over \$9,200 including our all-time high seller, LEM Worldwide 1001 ET, selected by Gall Family Red Angus. This set of sons carries that standard forward, sired by a bull with a legacy of his own in the Red Angus breed, Red MRLA Resource 137E.

*A standout all summer!*

One of the top Red Angus bulls of the offering, Lot 57 is a powerful individual that stands out in the pen. His dam is a maternal sibling to 2023 high seller and ABS sire LEM Stockyard 2001 ET. Backed by a maternally superior cow family that brings extra performance and gas.

**MATERNALLY SUPERIOR**

*Powerful standout with extra performance*

## LOTS 58-59 FLUSH BROTHERS

A good pair of PIE Captain sons out of a full sister to LEM Worldwide 1001 ET. Captain has become a popular young calving ease sire out of one of the hottest Red Angus bulls in recent years, PIE Quarterback 789. The Captain's catch your eye from a young age with their dark red coat color, thickness, ideal head shape, and overall attractiveness. We believe this set of brothers will leave some really desirable females, similar to their dam and sisters.

Heifer bull that's stout with top end numbers and performance. Very similar to his flush brother, lot 58.

## LOTS 60-61 FLUSH BROTHERS

These two Captain sons come from our foundational Red Angus donor cow, Six Mile Sierra 655A. She has made a major mark on our herd as every Red Angus bull in this year's offering leads back to her. Her progeny are consistent in their depth, fleshing ability, maternal capability, udder quality, sound feet, and fertility. Captain adds a splash of calving ease and carcass merit to a quality cow line.

## LOTS 62-65 FLUSH BROTHERS

The long anticipated first set of calves from our purchase on the 2022 Pieper Red Angus Spring Sale, PIE Long Haul 1344. Long Haul has caught the attention of cattlemen and breeders across the continent for his outlier length of body, added performance, hip expression, carcass merit, dark red coat, and extra libido and fertility. He is backed by a rare and highly sought after pedigree, combining the valuable Bieber Hard Drive with the prominent Pieper donor dam PIE Ruby 520, also the dam of PIE Quarterback. We have been very pleased with the quality of his progeny and have reason to believe he will be a female maker deluxe with an extra shot of growth.

**LOT 62**

RED	POLLED

Outstanding half blood Balancer calving ease bull. Exhibits tremendous growth, structure, and balance. His 11 year old dam has a great udder and has raised several herd bulls.

Balanced numbers. 18 month old bulls can handle lots of cows and don't require special care.

*Selling two flush sisters from*  
**LEM MS FUSION 879**  
*cow family*

**LOTS 90-91 FLUSH SISTERS**

RUSL LADY PARADOX 324 AND 3034 are maternal granddaughters of our lead donor, LEM MS FUSION 879, that was purchased from Lemke Cattle in 2019. She went on to be the 2019 Champion Red Angus heifer at the Kansas State Fair. Her first calf, RUSL Ladybelle 079, sired by Cinch, was the Reserve Red Angus Heifer at the 2021 Kansas State Fair, and is the donor dam to these two heifers.

Ladybelle has winning phenotype, but also has nine EPDs in the top 25% of the breed, has always bred first cycle, and flushed 8 embryos while nursing her first calf. We got seven calves from those eight embryos, which is the only reason these two heifers are for sale.

We decided to use the black/red carrier Plum Creek Paradox to boost growth and power with this flush. That cross resulted in top 15% WW, 10% YW, and 7% average daily gain. You'll be able to pair these heifers with a calving ease bull and produce big stout calves at weaning. Not only do they have performance, but an outstanding phenotype, going back to both a Kansas State Fair Champion and Reserve Champion on the dam's side. These heifers are prime candidates for range or ring. While both heifers are high performing, the black heifer has a shot more power and plenty of bloom in her center carriage, and the red heifer boasts a cleaner, sharper front one-third, and a deep broody flank.

Take your pick- we like them both!

## YOUTH HEIFER GIVEAWAY

***That's right! Lemke Cattle will be giving a commercial Red Angus open yearling heifer to a lucky young person!***

We've been blessed to have built this program & continue it's growth & progress. We've also been blessed with our great customers & their trust in our program. We at LEMKE CATTLE feel strongly about the future of the cattle business & our youth, so we'd like to pay forward and give a youngster a boost in the cattle business!

To enter and win, you must be between 5 and 18 years old, present at the sale, and able to provide a great new home for this nice Pie Captain 057 daughter.

Registration for this nice heifer will be in the Sale Barn Office. We will draw for the heifer after completion of the sale!
